Financial Sector

- Banking

Web Front-end developer(Teamlead)

Kompaniyaga kelganimda hali endi projektlar qurishni boshlanayotgan edi. Ekotizim qilishimiz kerak edi(<https://agrozamin.uz>). natijada Angularda multi-application orqali projektlar yarattim. dastur 7 ta sub projektlar va 3 ta custom kutubxonalardan tashkil topdi. Angularda Telegram uchun WebApp ham qilindi.

-Dasturchilar kodlarini review qildim, ularni o'qittim.

-Ekotizm qurish mobaynida bevosita logikalar, biznes suxbatlarida o'z taklif, fikr-mulohazalarim bilan meetinglarda qatnashdim

Further information

About me	2018-yildan beri dasturlash bilan shug'ullanib kelaman. TATU da o'qiganman va o'qish mobaynida C++, C#, Windows Formalar, Java, JavaFX, Kriptografiya, Axborot xavfsizligi, Malumotlar bazasi bo'yicha yaxshi bilim olganman deb hisoblayman. Tajribam mobaynida ko'plab mahalliy va chet el kompaniyalarida ishlab keldim. Matematikadan vaqtida respublika olimpiadasida 2-bo'lganim sababmi Algoritmim yaxshi deb hisoblayman va ishda biror muammoga togiroq osonroq yechim bera olaman. Vaqtida C#/.net bo'yicha o'qiganman va Back-end bo'yicha tajribam bor deb sanayman. Oxirgi 5 yilda asosiy ishim Front-end(Angular) bo'lgani uchun projektni qanday qurish, boshqarish, kengaytirish bo'yicha o'z fikrim va tajribamga egaman. Katta projektlarda ishlaganman va arxitekturasini qurganman ham. Multi-applicationlar va hozirgi Nx bo'yicha tajribam, bilim va ko'nikmalarim mavjud.
